### WBGA Reiterates April 20/07 Press Release - The CWB Control of Barley IS by Regulation

**June 19, 2007, Airdrie, AB:** Western Canadian barley farmers have spoken, not only in a plebiscite but in surveys conducted by the CWB over the years that they want change and choice. Uncertainty over barley marketing has been grossly inflamed by false claims by such special interest groups as the "Friends of the CWB" and the board of directors of the CWB. The CWB Act clearly shows that barley was added by regulation and can be taken out by regulation.

"It is time for producers to call the bluff of those individuals intent on keeping barley producers in the dark and forcing them to accept low returns. We are seeing clear market signals showing us that barley can be profitable, and barley can increasingly provide more value added here in western Canada" emphasizes Jeff Nielsen, President of the Western Barley Growers Association (WBGA).

**April 20, 2007, Airdrie, AB:** First and foremost the Canadian Wheat Board Act is about the control of buying wheat in the designated area. Section 18(2) *Except as directed by the Governor in Council, the Corporation shall not buy grain other than wheat.*

"That is pretty straight forward" says Jeff Nielsen, President of the Western Barley Growers Association. (WBGA) Wheat is wheat and barley is by regulation. Regulation 9 gives the CWB that direction. The regulation states: 9) *Parts III and IV are hereby extended to barley.* "The authority to make such regulations comes from Section 47.(1)" explains Nielsen. "Section 47.(1) as part of the Act itself, does not in any way what so ever give control of barley to the board as some have tried to mislead us into believing. Section 47.(1) gives the minister the authority to make regulations, by order in council to include and exclude barley from control of the board under parts III and IV, marketing and licensing".

"The Minister has two obligations under section 47.1 of the Act" continues Nielsen, "consult with the board and allude to producers' vote in favor of the exclusion. Note the difference between 47.(1) and 47.1. The first is the application of parts III and IV to barley and the second is the Ministers obligation of the application.

"There is a straight forward process and the Minister has followed it" comments Tom Hewson , Vice President of the WBGA. "We have an imminent choice as an industry, as producers, maltsters, brewers, grain companies and the CWB itself, to move forward to a vibrant profitable wealth creating industry or wallow in a quagmire of legal challenges that will paralyze the entire industry".
